Hi everyone,

Yesterday I noticed that the aldicarb memo is missing an in-text citation for the data we used to establish that 50% of our annual OJ supply is imported; the source, FAS, is listed in the references though. To help readers understand how we reached that value, I have drafted an addendum to the memo. Mark and Hope have reviewed. I'm hoping that you can take a look as well. Please let me know when you have completed your review so we can sign and deliver to RD. They are aware that this is in the works.
